

Slow Motion

Jonn Hart

Tell me why would you be here by yourself?
Lookin' round like you're in need of some help
I can see that from behind you've been blessed, babe
And you don't have to read my mind for the rest babe

I see, you know it
I know you want it
You're scared, you know it
I can read your dirty mind, baby girl

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

Tell me right now if you want me to stop
Cause ain't no way I miss ya when it goes down babe
I could take you to that place at the top
Makin' love until your body gives out

I see, you know it
I know you want it
You're scared, you know it
I can red your dirty mind, baby girl

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

If your man ain't with ya girl, say "hell yeah"
Fattest ass in the club, now girl, say "hell yeah"
If your man don't hit it right, say "hell yeah"
If I can hit it from the back, hit it from the side, say "hell yeah"

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah

I like it like that, she workin' that back, I don't know how to act
Slow motion, slow motion, slow motion, slow motion, oh yeah
