Jonny Craig

At a young age, it was all about the dream
Sacrificed everything just to watch them leave
At a young, it was all about the dream
Put my life on display, left my heart on the stage

I fallen a few times on this ladder to the top
It's lonely up here, lonely up here
I feel lost

I fallen a few times on this ladder to the top
It's lonely up here, lonely up here
I feel lost

If there's one thing that I've learned
It's in the comeback
It's not before you reach it all
I'm pushing for the dream

And if it's one thing that I've learned
It's in the comeback
It's not before you reach it all
I'm pushing for the dream

Now today, everything's at stake
Back against the wall
These dreams, I still chase
I pray for a second chance
Plan for a future based on my past

I fallen a few times on this ladder to the top
It's lonely up here, lonely up here
I feel lost

I fallen a few times on this ladder to the top
It's lonely up here, lonely up here
I feel lost

If there's one thing that I've learned
It's in the comeback
It's not before you reach it all
I'm pushing for the dream

And if it's one thing that I've learned
It's in the comeback
It's not before you reach it all
I'm reaching for the dream

It's in the comeback
It's not before you reach it all
It's in the come back
It's not before you reach it all

It's not before you reach it all
It's in the comeback

It's not before you reach it all
