Can I get it
Feel it
I need more
Of that
Blown away
You're sucking it
Give me more
Yeah
What you doin'?
Where you at?
Meet me at my place
It's the lifestyle that you lack

Don't believe
Those things they say about me
They lie cause they wanna be with me
Ain't ever gonna get what they want from me

All those ways
I'm gonna make you feel
I can take extreme
I can make em real
You gon be addicted to this life, for real
You wont get enough of me

Can I get it
Feel it
I need more
Of that
Blown away
You're sucking it
Give me more
Yeah
What you doin'?
Where you at?
Meet me at my place
It's the lifestyle that you lack

Don't believe
Those things they say about me
They lie cause they wanna be with me
Ain't ever gonna get what they want from me

You gon meet me at my place
Ain't no time to waste
I need more of you
We don't gotta wait
Be my lover
I'll keep you company

Where you at?
Meet me at my place

Don't believe
Those things they say about me
They lie cause they wanna be with me
Ain't ever gonna get what they want from me

```
The lies they tell about me
They just wanna be me
Me
They just wanna be me
Yeah
They just wanna be me
Yeah
```
