

# Upside Down

Jonny Diaz

The only time I've been free  
Is chained to You as You lead  
Learning how victory  
Starts with surrendering  
Yeah, it might seem strange  
But it's no less true  
That my whole world  
When I'm following You

Is upside down in every way  
I keep finding out every day  
That losing my life is  
The only way it can be found  
Yeah, it's upside down

Having faith in what's unseen  
Loving my enemies  
I've been given what I  
Haven't earned, 'cause You  
Took the cross I deserve

And that's upside down in every way,  
I keep finding out every day  
That losing my life is  
The only way it can be found  
Yeah, it's upside down

Giving all I have away  
Finding joy inside the pain  
Where last is first  
And lost are finally found

It's upside down  
And I'm finding out

Is upside down in every way  
I keep finding out every day  
That losing my life is the only way  
And it's upside down in every way,  
I keep finding out every day  
That losing my life is  
The only way it can be found  
Yeah, it's upside down  
Yeah, it's upside down
