

Louise

Jonny Lang

Her name was Louise
She came from Mississippi
She had a way with her walk
Her gown was really hip

I met her on the corner
She was looking mighty fine
Well, I knew right when she kissed my lips
She was mine

She loved me in the morning
She loved me noon and night
She dressed just like a pretty girl

The girl was out of sight
Her name was Louise
And you know she aimed to please
Louise

Well, I met her on the street one day
I saw her with my eyes
She looked and said hello to me
I thought I would die

Next morning when she left me
A smile upon my lips
She kissed me and she said good-bye
I watched her crazy hips

She loved me in the morning
She loved me noon and night
She dressed just like a pretty girl

The girl was out of sight
Her name was Louise
And you know she aimed to please

Louise

Well, now a year has past
She's been seeing other guys
I never thought a pretty face
Could tell so many lies

The guys that she's been seeing
All have her on their minds
But by the time she's done with them
They all look so satisfied

She loved me in the morning
She loved me noon and night
She dressed just like a pretty girl

The girl was out of sight
Her name was Louise
And you know she aimed to please
Louise
