Bounce and break your  
Bounce and break your back  
Bounce and break your  
Bounce and break your back  
Back, back, back, back, back, back, back, back  
Back, back, back, back, back, back, back, back  
Daytrip took it to ten

Burn through man like marijuana  
People change, but I don't wanna  
Run the town like I'm their father  
Love when you distract me, I forget there drama  
Girl, you got me running  
Girl, you got me loving you  
No stalling  
Girl, there's no stalling with you  
Want it  
Girl, I know that you want it  
When you keep calling, calling, calling

Break the system  
Bounce and break your  
Break the system, girl  
Bounce and break your back  
Let the sticks them  
Bounce and break your  
Let the sticks them burn  
Bounce and break your back

One puff, keep the ting dem burning  
Body good, girl, you're bad 'nuff to set the furnace off  
Two times, three times, girl, that still ain't enough  
Girl, I only want you and your body, don't tell nobody, let's go  
Come whine your waist slow  
Come whine your waist properly  
I know what you want  
And I ain't gon' take a break on it

Put my name on it  
Break the law, concentrate on it  
Make them listen, girl, you know that you
