

# Too Many Women

Jordan Adetunji

I don't mean to get in your way  
Took another shot, girl, I'm waved  
Shawty, I know that you think we're the same  
We can take it back to my place, shawty  
Ah, tryna do you in some Saint Laurent  
In the mirror, watch you turn me on  
You was ready for me all along, just walked into it

Bring yo' ass back to the crib, girl, you know that  
We can go laps in the crib, alright  
Your booty bounce match with the kick, girl, you know that  
I'ma give it to you, do you right if you stay (Uh-huh)  
Tell me how you want it, baby, say, shawty, you can make 'em ma  
d everyday  
Pretty girls deserve to get paid, shawty, I just walked into it

Too many women, too-too many women (Ah)  
Too many women, too-too many women (Ah yeah; I just wanna-)  
Too many women, too-too many women  
Too many women, can't stop a player (I just wanna-)

Shit, yo' ex ni-nigga, your lil' ex nigga coul-  
couldn't even take it home  
I had you in this car for a minute and got you scratching backs  
eats  
And I told the driver take the backstreets  
When you're on my chest and still not dressed, girl, please, oh

Bring yo' ass back to the crib, girl, you know that  
We can go laps in the crib, alright (Oh)  
Your booty bounce match with the kick, girl, you know that  
I'ma give it to you, do you right if you stay, oh (Uh-huh)  
Tell me how you want it, baby, say, shawty, you can make 'em ma  
d everyday  
Pretty girls deserve to get paid, shawty, I just walked into it

Too many women, too-too many women (Ah)  
Too many women, too-too many women (I just wanna-)  
Too many women, too-too many women (Ah yeah)
