

So Do I

Jordan Davis

Well if you got a plan in mind
Tell me when and where and I'm down
Girl, I'm so down
Cause we ain't got nothing but time
I want to know what you're thinking about
So just let it out

Cause we got the start of something good
And it's starting right now
There's no needing dancing around
What we've lucked into
And you look like you

Wanna catch a red-eye to the coast somewhere
Watch the moon fall and listen to the waves roll by
So do I
If you see a Santa Fe sunset, a burning red sky
As the backdrop of your lips getting closer to mine
So do I
If you don't want to say goodbye just yet
Think we got a lot more left to do tonight, yeah tonight
So do I

Maybe it's just one more drink
Just you and me watching that clock spin 'round
And 'round
I just want to do what you're thinking
I'm up for staying or leaving this town

If you wanna catch a red-eye to the coast somewhere
Watch the moon fall and listen to the waves roll by
So do I
If you see a Santa Fe sunset, a burning red sky
As the backdrop of your lips getting closer to mine
So do I
If you don't want to say goodbye just yet
Think we got a lot more left to do tonight, yeah tonight
So do I

If you wanna catch a red-eye to the coast somewhere
Watch the moon fall and listen to the waves roll by
So do I
If you see a Santa Fe sunset, a burning red sky
As the backdrop of your lips getting closer to mine
So do I
If you don't want to say goodbye just yet
Think we got a lot more left to do tonight, yeah tonight
So do I
So do I
