

Lookin' Like That

Jordan Fisher

Good Lord, never felt this before
She's all up in my physical
It's burning hundred and three degrees
This heat way too much for me, hey

Tone down that walk
I'm getting too excited
Body like woah
Why you so tempting?

Cause I want you
Don't know what's come over me
Cause I want to
Get up in this fantasy
Cause I want you
Make it hard for me to breathe
When you're lookin' like, lookin' like, lookin' like, lookin' like, lookin'
like, lookin' like
Lookin' like that

Why you gotta look like that?
Why you gotta look like that?

Blue jeans hugging up on her curves
Woo, she hit me right where it hurts
Tell me, how could anyone resist, baby?
Home run, she's so outta here

Tone down that walk
I'm getting too excited
Body like woah
Why you so tempting?

Cause I want you
Don't know what's come over me
Cause I want to
Get up in this fantasy
Cause I want you
Make it hard for me to breathe
When you're lookin' like, lookin' like, lookin' like, lookin' like, lookin'
like, lookin' like
Lookin' like that

Why you gotta look like that?
(One more)
Why you gotta look like that?

Girl, you got me going crazy
Don't know if my body can take it
Girl, you got me going crazy
Don't know if my body can take it

Cause I want you
Don't know what's come over me
Cause I want to
Get up in this fantasy
Cause I want you

Make it hard for me to breathe
When you're lookin' like, lookin' like, lookin' like, lookin' like, lookin'
like, lookin' like
Lookin' like that

Cause I want you
Don't know what's come over me
Cause I want to
Get up in this fantasy
Cause I want you
Make it hard for me to breathe
When you're lookin' like, lookin' like, lookin' like, lookin' like, lookin'
like, lookin' like
Lookin' like that
Yeah
