

Too Far

Jordan Haj

I got pain in my chest from broken dreams
I had to swim by in the past
It's chaos and mess
A tree that is too tall
Now I can't climb back to my nest

They say no one's born a killer
We're all born the same
But it feels like I was born a killer
Defined by my name

And if I go too far
Would you show me how to back off
If I go too far
I can take my mask off
And if I go too far
Would you show me how to back off
If I go too far

And if I go too far
Would you show me how to back off
If I go too far
I can take my mask off
And if I go too far
Would you show me how to back off
Defined by my name

I had my breakfast with my news
Unprocessed food
And well-processed news
A soul-healing bowl
For my soul
For it needs healing since the day I was born

They say no one's born a killer
We're all born the same
But it feels like I was born a killer
Defined by my name

And if I go too far
Would you show me how to back off
If I go too far
I can take my mask off
And if I go too far
Would you show me how to back off
If I go too far

And if I go too far
Would you show me how to back off
If I go too far
I can take my mask off
And if I go too far
Would you show me how to back off
Defined by my name

And if I go too far
And if I go too far

Defined by my name
