

# On My Way

Jordan McCoy

"Sometimes I..  
I get a little bit confused ooh yeah  
And sometimes they,  
they tell me that I gotta choose  
And if I had it my way then I choose you  
If I could wish upon a star  
I would be right where you are  
And theres no place i'd rather be  
So just reach out your hand to me

Cuz i'm on my way  
Searching for tomorrow , today  
This time i'm following my dreams  
This time I wanna be free  
I'm on my way (6x)  
Ooh yeah this time im on my way  
This time im following my dreams  
This time I wanna be free  
.. im on my way
