

Teenager

Jordan Pruitt

I like staying up all night
I think it's my right
To sleep until noon
I love watching scary movies.
I could stay shopping all day
Getting my way,
And trying on shoes.
Don't tell me what I should be doing

Give me a break I'm just a teenager
I like putting things off till later
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else I'm just a teenager

I dread making my bed
I wish I could get out of cleaning my room
Cause I hate keeping my friends waiting
Fast cars, playing about hard
Google-ing stars and surfing for tunes
Does any one here get what I'm saying?

Give me a break I'm just a teenager
I like putting things off till later
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else
I'm just a teenager

Hello, this is Jordan
-Hey what's up?
You'll never guess who called me yesterday
-Who?
You know that guy that's taking me to homecoming?
-Yeah
He was like you took my breath away when I saw you
He called me sweetie too
-Awe
I don't know if I like him though

I want more minutes on my cell phone
I wanna credit card of my own
I want the keys to the Mercedes-Benz
Yeah
I wanna wear what I wanna wear
I wanna copy what I think is fair
I wanna chill at the mall with my friends
(At the mall with my friends)
Does anyone here get what I'm saying?
Just hanging out havin' fun and taking my time
I can't help myself
Can't be no one else
I'm just a teenager

Give me a break I'm just a teenager
I like putting things off till later
Just hanging out, having fun, and taking my time.
Give me a break I'm just a teenager
I'm automatically attracted to danger
I can't help myself
Can't be no one else
