

Borderline

Jordan Rakei

I'll wait here at the borderline
Always my alibi, mmh-hm
You take what I consider mine
Offer no reasons why
Mistake deceivable, in the night
Oh, when the price is right, mmh-hm
Parties, lips to the eye
And I thought of us tryin' to fly

Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline
Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline

Your wickedness unequivocally
Undresses me similarly
Too much for my mind
You drop caress but I'm seein'
Through your disguise, yes I'm seein'
It all, yes with my own eyes, yeah

Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline
Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline

Oh, it's the time of the arrow
It's not my intention to fall
I see the problems and fold lately
Before it all goes south
I'll run away from my demons
It seems I'm movin' in circles
I'm headin' into the trouble
I'm holdin' on to the secrets

Secrets I found
Secrets I found
Secrets I found, whoa
Secrets I found

Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline

Fallen lover, will you stay?
I'm beggin' you for it
We're makin' up in each way
'Cause I'm closer to the borderline
The borderline
