

Brace

Jordan Rakei

Is this really happening
I'm about to lose my way
Bracing for the reckoning
Feel the weight of my mistakes

Life is where you're heading
I'm about to lose my faith
Taking all my medicine
Diving into my mistakes

Is this really happening
I'm about to lose my way
Bracing for the reckoning
Feel the weight of my mistakes

Life is where you're heading
I'm about to lose my faith
Taking all my medicine
Diving into my mistakes

Finding myself when I look away
Look away
Look away
Look away

Finding myself when I look away
Look away
Look away
Look away

Finding myself when I look away
Look away
Look away
Look away

Finding myself when I look away
Look away
Look away
Look away

Finding myself when I look away
Look away
Look away
Look away

Finding myself when I look away
Look away
