

Forever & Always

Jordan Rakei

Day by day, all the way
I'll be right by your side
And I know you'll do the same
Without asking you to stay
I know you'll stay for today
There won't be a too late
I know we'll be forever and always
Day by day, everyday
You'll be right by my side
And you know I'll do the same
Without being asked to stay
