

# Learning

Jordan Rakei

When all the people, of the world  
Have a dream  
As they've always longed to live in  
Meritocracy  
Where the leaders of the free  
Aren't all who they claim to be  
Still one of those sad, sad mysteries  
We saw borders classify all of those foreign lands  
In a war where families bled right through those Summer sands  
So to keep one's soul alive, they must conquer and divide  
With no apologies, to rectify their state of mind

If my head gets sore, it feels easy  
To run away from the rest of the world  
With my secrets  
When my knees get tired, I'm still searching  
For space right here between the lines  
For the learning

(Learning)  
Space is here for the learning  
Give it up, give it up (Learning)  
Space is here, no, no, no, no (Learning)  
No, no, no, no, no (Learning)  
Space is here for the learning  
Give it up, give it up (Learning)  
Mm-hmm

I see struggles everyday, for a common need  
It's like there are people here for living, and some for greed  
There's a ladder to the sky  
Where the dreams are left up high  
Still find all of those who fail to make the steady climb  
Can we see beneath the flowers and the masquerade?  
Where the families of them people, lead to misbehave  
In a circle we call life, that will face the steady climb  
With no apologies, to rectify their state of mind

If my head gets sore, it feels easy  
To runaway from the rest of the world  
With my secrets  
When my knees get tired, I'm still searching  
For space right here between the lines  
For the learning

(Learning)  
Space is here for the learning  
Give it up, give it up (Learning)  
Space is here for the learning  
Space is here for the learning  
Space is here for the learning  
Give it up, give it up (Learning)  
Space is here, no, no, no, no (Learning)  
Ooh, ooh, no, no, no, oh, for the learning, mm-hmm  
Yeah, ayy, hey  
Space is here for the learning
