

Lost Myself

Jordan Rakei

I lost my soul to yours, to find it again
I loan to stand with my eyes wide open
I lost myself for the most, the value of men
I dreamed a place so silent

I can see the darkness of the mind, I can see it praying
I can feel the rain, fall down (fall down)
I can see the darkness of the mind, I can see it praying (see i
t praying)
I can feel the rain (feel the rain), fall down
I can see the darkness of the mind (darkness of the mind), I ca
n see it praying
I can feel the rain (the rain on it now), fall down (fall down)
I can see the darkness of the mind (darkness of the mind), I ca
n see it praying (I can see it praying)
I can feel the rain (can feel the rain), fall down
