

My Time

Jordan Rakei

When I wake to the morning sun
Then I sleep when the morning fall
And I bask in the morning's love
'Til I can't feel the love no more
And we see what the day will bring
And we see what's left in store
And we listen to the old birds sing
They cry melodies of love so raw 'cause I...

See the night has begun
To explore and try
City villain number 1
Memory, this night...
Scandalous and crazy
Makes it all worthwhile
Perfume smells like daisies
Now my heart is on trial
