

Only Love

Jordan Smith

How much more are we gonna take
How many nights do we have to lie awake
How many tears are we gonna cry
We can wish until the well runs dry

But what happens when the sky above
Runs out of every single shooting star
And what if every good intention's only meant
To go so far

Only love, only love can save us now
Keep the world from burning down, down, down
To the ground, ground, ground
Only love, can look inside a human heart
And see us for who we are
And who we are would be enough

If only there was only love
Only love
Only love
Only love

How many lessons have we really learned
How many bridges could we cross instead of burned
Why do we find it hard to forgive
We're so blinded that it's easy to forget

Only love, only love can save us now
Keep the world from burning down, down, down
To the ground, ground, ground
Only love, can look inside a human heart
And see us for who we are
And who we are would be enough

If only there was only love
Only love
Only love
Only love
Only love
Only love
Only love
Only love

So what happens when the sky above
Runs out of every single shooting star
And what if every good intention's only meant
To go so far

Only love, only love can save us now
Keep the world from burning down, down, down
To the ground, ground, ground
Only love, can look inside a human heart
And see us for who we are
And who we are would be enough
If only there was only love
