

## Yours

Jordan St. Cyr

I never thought it'd be easy  
But I didn't think it'd be this hard  
To be the man that you needed  
The hand you can hold when it gets dark

But the way that you love let the light in  
Now I can see what I couldn't before

I am yours  
Whatever the weather we're facing  
I am yours  
No matter the storms we've been chasing  
I am yours  
Yours

You just never know how things'll turn out  
Tomorrow could be better or could be worse  
And when the rain falls oh, I'll be your shelter  
And when the wind blows and the ground shakes  
I won't let you go

I am yours  
Whatever the weather we're facing  
I am yours  
No matter the storms we've been chasing  
I am yours  
Yours

I wouldn't change a thing  
Cause all we've gone through  
Brought me closer to you

I am yours  
Whatever the weather we're facing  
I am yours  
No matter the storms we've been chasing  
I am yours  
I am yours  
Yours...

No matter what I am yours
