

Can't Wait For You

Jordan Sweeto

You know I couldn't help but wonder
When you walked into my life
But every time I get to see you
It's like the very first time
And I can't help but think about you
When I should be fast asleep
And I don't take the time to notice
How I'm in so deep

But if I got the chance to hold you close,
I'd let you know that I would never let you go

Girl, I could stare into your eyes and say,
"This happiness I feel won't go away."
So there's one thing that I thought that I would do
I would wait for you
Promise me you'll wait here too, yeah
Oh, I just can't wait for you

Girl, you know you're beautiful

You know that time we took the long way home when we were on our own
I promised baby, that from that night on you'll never be alone
And you said it all perfectly
Darling, now isn't this how love should be?

You got me staying out to hold you close
And you should know that I would never let you go

Girl, I could stare into your eyes and say,
"This happiness I feel won't go away."
So there's one thing that I thought that I would do
I would wait for you
Promise me you'll wait here too, yeah
Don't tell me you're not beautiful
Oh, I just can't wait for you

Girl, you know you're beautiful
