

Drown Out

Jordan Sweeto

It's just a game
She knew I would call her name
Somehow things don't feel the same
She left me standing here without a reason why
This game we play
Somehow feelings still remain
None of them to ease the pain
She left me standing here alone

Talk to me, baby
I need to know what's going on
Run to me
Girl, you can call me anytime
Call me anytime

But you drown out the crowd
And close your eyes
You take it by surprise
You'll find your way back on your own
Drown out the crowd
And let it go
But you let it show
That you won't ever let them know
You will say one more means nothing less
And all the lies you pull
Right through your chest
You don't know and you don't care
Drown out like nothing's there

I can't believe that all these things happen to me
How can no one ever see
That we're not in this all alone
She brought the scare
Burning words without a care
But somehow I'll still meet her there
She left me standing here alone

Talk to me
Baby I need to know
What's going on
You run to me
Girl, you can call me anytime
Call me anytime

But you drown out the crowd
And close your eyes
You take it by surprise
You'll find your way back on your own
Drown out the crowd
And let it go
But you let it show
That you won't ever let them know
You will say one more means nothing less
And all the lies you pull
Right through your chest
You don't know and you don't care
Drown out like nothing's there
