

# moveOn

Jordan Ward

Can it get any higher  
Might be losing my fire  
Hate to live inspired  
How long should I wait?  
Comfort zones to keep me safe  
To make sure I touch every base  
Ain't nothing promised  
Ain't never been so  
Stick to what you know  
It ain't that simple  
I'm impulsive

Yeah I think about it but I  
Been runnin' off of feelings  
I'm always climbing mountains, the top  
And all that is appealing

Guess I'm scared if I get too much  
That I might never get enough  
Guess I'm scared if I get too much  
That I might never get enough  
Oh, no, no, no (I got to)  
Gotta move on  
Oh no, no, no (I got to)  
I gotta move on  
I gotta move on

My bitch don't understand me (Understand me)  
Think I take this for granted (Granted)  
Expect me to gig and try to feed my family for tradition's sake  
And just ignore a whole part of me  
I never been good with that  
Said, "Get that move to Cali  
And spend no time looking back"  
Don't know how I did it, like sprinting on a tight rope  
Won't know till I finish, but that's a part of life though, yeah

Yeah I think about it (Yeah I think about it)  
But I been runnin' off of feelings (Runnin' off a feelings)  
I'm always climbing mountains (Climbing mountains), the top  
And all that is appealing

Guess I'm scared if I get too much  
That I might never get enough  
Guess I'm scared if I get too much  
That I might never get enough  
Oh, no, no, no (I gotta move on, I got to)  
I gotta move on (I gotta move on)  
Oh, no, no, no (I got to)  
I gotta move on  
Oh, no, no, no (I got to)  
Can't stay yeah  
Gotta get a move on  
Shit, gotta get my groove on (yeah)  
Gotta get a move on  
I gotta move on
