

## Nowweknow

Jordan Ward

Now we know it's ours  
Now we know ours  
I feel so empowered, hmm  
Now we know it's ours  
Now we know you can say whatever you feel  
Can't turn it around if it gets all mixed up again  
So when the times get dark bring all the love you feel in the morning  
It's always there

Now we know it's ours  
Now we know it's ours  
I feel so empowered, hmm  
Now we know it's ours  
Now we know you shouldn't lie just to be free  
And you can turn it around if it gets all mixed up again  
So when the times get dark bring all the love you feel in the morning  
From the other side

Oooooh  
Oooooh  
Now we know  
We know  
Now we know

Now I know its mine I I I  
Greatness takes time, stride for my stripes  
You ask who asking, show not the masses  
This selfish bastard, wake up just for laughter  
Hikes in the morning, food on my plate  
Live for the movement, not moves that I make  
Each brand new day
