

# Passingtime

Jordan Ward

Yeah, hey  
(Ay, ay)  
Roll me a swisher in this uhh (Swishers only)  
Hey

My mother thinks it's asinine  
But we just get high to pass the time  
I swear your heart is half of mine  
You must be a lil' [?] mastermind  
Never been inclined to sacrifice  
But for names, how'd you like the back of mine?  
And for seeds, how feel 'bout havin' mine?  
These words I speak are a first for me  
But you caught me at the right time  
Seem like the lifeline  
Of my past love, add up to a hyphen sign  
Girl you bring confident, I need it  
Cook your breakfast in the mornin', roll my blunts up in the evenin'  
Yeah we know what it is  
But we don't (No)  
What a common problem of our season  
Showin' people  
The lines get blurred for ease  
Can't do titles, but we got rubbers, herbs, and trees

So if anybody makes their business mine  
Say we just get high to pass the time (Um, ok?)  
We just get high to pass the time  
But I swear your heart is half of mine  
We just get high to pass the time (Pass that)  
We just get high to pass the time (Pass that)  
We just get high to pass the time (Say, love)  
But I swear your heart is half of mine

Got a feelin' my ex gon' tap the line (Damn)  
She know we kickin' it tour, livin' it up  
Every time he post a picture of us  
I try to hide my face  
We say secret but we know that you gon' find a way  
To make yourself known, and  
Lately I ain't get action on my cellphone, cause  
You the only I talk to and held on  
Our intentions are selfish, we got  
A couple flaws but we ain't fixin' or helpin', just

Making you (You!)  
Feel comfortable (Ooh, ooh!)  
Neither one of us really is tryna grow (Yeah, fuck that)  
Just need a little break from our problems, yo  
Good brain, good strains, that's honor roll  
One more time  
Making you feel comfortable (Come 'ere)  
Neither one of us really is tryna grow  
Good brain, good strains, that's honor roll  
Now tell me why somebody else gotta know?

So if anybody makes their business mine (Nosey ass)

Say we just get high to pass the time  
We just get high to pass the time  
But I swear your heart is half of mine  
We just get high to pass the time (Pass that)  
We just get high to pass the time (Pass that)  
We just get high to pass the time (Say, love)  
But I swear your heart is half of mine

Weighed down, need my mind afloat  
How selfish, am I? I know  
No I love you's when it's time to go (Uh-uh)  
Just say, hit me when you tryna smoke (Ay)  
Hit me when you tryna smoke (Let me know)  
I said, hit me when you tryna smoke  
Hit me when you tryna smoke  
(Yeah, yeah, yeah)
