

Catch My Drift

Jordana

Do you catch my drift?
Are you picking up what I'm putting down?
Are you on this wave?
Is the tide too high for you to stick around?
'Cause I want to go sailing
Never had a chance
Would you maybe stay so we could make it happen?

Take my hand, stand up to dance
Yeah, you drive me insane

Oh no
I'd hate to say I told you so
You know
It's a waste, just let it go
Misbehave, no need to fake
Go home, it's no mistake
No mistake to be alone

Am I option two?
Do you think it's chill for you to pick and choose?
Could've been kinda nice
But you don't have the time

Made me wait for a great escape
But you drive me insane

Oh no
I'd hate to say I told you so
You know
It's a waste, just let it go
Misbehave, no need to fake
Go home, it's no mistake
No mistake to be alone

Oh-oh
I'd hate to say I told you so
Oh-oh
It's no mistake to be alone

Made me wait for a great escape
But you drive me insane

Oh no
I'd hate to say I told you so
You know
It's a waste, just let it go
Misbehave, no need to fake
Go home, it's no mistake
No mistake to be alone

Oh-oh
I'd hate to say I told you so
Oh-oh
It's no mistake to be alone
