

Is It Worth It Now?

Jordana

You know that (You know that)
You give into it (Give into it)
The countless times you did
Don't kid (Don't kid)
Yourself in this (Yourself in this)
Pity the mind you're living in

Jumping ship
Sinking fast
Hold your breath
While the others pass

How much time is left for you to work this out?
Is it worth it now? (Is it worth it now?)
Swim right into the center of all your doubt
Take the route you won't allow
(Is it worth it?)
Is it worth it now?

(Is it worth it?)
Is it worth it now?
(Is it worth it?)
Is it worth it now?

Disinterest in the things that made you wanna live
Is sad enough itself, isn't it?
Down as you are, couldn't be deeper than the past
And to that, you must confess
(Just be honest)

Jumping ship
Sinking fast
Hold your breath
While the others pass

How much time is left for you to work this out?
Is it worth it now? (Is it worth it now?)
Swim right into the center of all your doubt
Take the route you won't allow
(Is it worth it?)
Is it worth it now?

(Is it worth it?)
Is it worth it now?
Is it worth it now?
(Is it worth it now?)
(Is it worth it?)
