

Reason

Jordana

I had a reason for all of this
But the answer I dismissed
As I gazed and reminisced
Then I kissed you

You give me candy, you give me bliss
Give me reassurance when I absolutely need to hear it
Like the scent of peppermint
The smell of you is on my clothes
In my mouth and in my nose

Everywhere (Everywhere, everywhere)
You're everywhere (Everywhere, everywhere)
Everywhere
You're everywhere (Everywhere, everywhere)

I can't fake this shit
Drag me down and let me know
Have me act and have me show
That I love you
And I need you
I got self-control
Take a stroll right by the lake
Bring the dogs and watch them play
In the fresh air

Can be anywhere (Anywhere, anywhere)
Anywhere
Can be anywhere (Anywhere, anywhere)
