

# Just for the Record

Jordin Sparks

I can't help myself  
If I don't wanna be with nobody else  
I don't wanna leave my baby's side  
And I don't wanna kiss another guy  
I'll pass any test  
Cause nothing in this world or in the next  
Could make me second guess  
Could make me change my mind  
Could make me not protect what I'm feeling inside

Cause I'm smart enough to know that this is a good thing  
Please believe it, please believe it  
And I'm smart enough to stay right where I belong  
And I'm faithful enough to know that this is meant to be  
And if it's not, the don't speak  
Don't ruin it, let me dream

[Chorus]  
Hear me, hear me  
This is for my baby  
There will never be another  
There's so many ways I love you  
And that's just for the record, babe  
I need you, need you  
I can't wait to see you  
I so love when were together  
Can't nobody do it better  
And that's just for the record, babe

I can't be perfect  
No one is flawless  
But rest in mind  
I'll be there through the good and the bad and the ugly and worse  
So if it's something that you're lacking  
Go and tell me first

Cause I'm smart enough to know that this is a good thing, yeah  
Smart enough to stay right where I belong, oh no no no  
And I'm faithful enough to know that this is meant to be  
And if it's not, the don't speak  
Don't ruin it, let me dream

[Chorus]  
Hear me, hear me  
This is for my baby  
There will never be another  
There's so many ways I love you  
And that's just for the record, babe  
I need you, need you  
I can't wait to see you  
I so love when were together  
Can't nobody do it better  
And that's just for the record, babe

So if there's any way to cheat  
Don't tell me 'cause I don't wanna know  
And if there's any way to leave

Don't tell me 'cause I don't wanna go  
I don't wanna go to sleep 'cause I don't wanna miss you  
This is team and I love my position  
Lead me anywhere, I'll go with you there  
I'll go with you there

[Chorus]

Hear me, hear me  
This is for my baby  
There will never be another  
There's so many ways I love you  
And that's just for the record, babe  
I need you, need you  
I can't wait to see you  
I so love when were together  
Can't nobody do it better  
And that's just for the record, babe

[Chorus]

Hear me, hear me  
This is for my baby  
There will never be another  
There's so many ways I love you  
And that's just for the record, babe  
I need you, need you  
I can't wait to see you  
I so love when were together  
Can't nobody do it better  
And that's just for the record, babe
