

# Now You Tell Me

Jordin Sparks

- C#** **As**  
1. Is there anything that can make you happy?  
**B** **F#**  
I don't know what to say to make it better  
**C#** **As**  
Seeing you like this, down and hurt so badly  
**B** **F#**  
When you have been so kept together  
  
What's this?  
**Bm** **AsMa j**  
All this time I thought you didn't need me  
**Asm** **F#**  
Now I've gone from you and now you tell me  
  
**C#** **Asm**  
R: You're in love, but that's not what it was  
**B** **F#**  
All those times that passed by with no signs  
  
And now you're telling me  
**C#** **Asm**  
You miss me, boy why couldn't I see?  
**B** **F#**  
And my heart don't agree with what you're telling me  
  
**C# Asm B F#**  
  
2. You were nonchalant, strong, and unaffected  
And you never wanted me to be there  
I never saw your heart, that's how close you kept it  
So right now I'm so unsure how to care  
What's this?  
All this time I thought you didn't need me  
Now I've gone from you and now you tell me  
  
R: You're in love... (2x)  
  
**C#** **Asm**  
\*: No attention was given  
**B** **F#**  
No affection from you to heal the hurt  
**C#**  
I was hoping  
**Asm**  
I was wishing  
**B** **F#**  
Just to listen and to hear those words  
  
R: You're in love... (2x)
