

Top of My List

Jordin Sparks

Ah, ooo...

I should be good on this by Christmas
But classic me waiting til the last minute
Could Santa bring the one thing that I'm still missing
I don't care bout cars or shoes
Just wanna be right next to you
So can you find a way to make my wish come true?

You're at the top of my list this year
I've checked it all off but you're still not here
You're at the top of my list this year
You're everything that I want and I wait for you dear

There's candy canes hanging from the window
Just like the days, we would drink hot cocoa
By the fireplace, and I don't wanna be here alone
I don't care what we've been through
Just wanna be right next to you
So can you find a way to make my wish come true?
Come true, come true, come true...

You're at the top of my list this year
I've checked it all off but you're still not here
You're at the top of my list this year
You're everything that I want and I wait for you dear (I wait for you)

You're at the top of my list this year
You're at the top top, top top
You're at the top of my list this year
You're at the top top, top top

You're at the top of my list this year
You're at the top top, top top
You're at the top of my list this year
Ooo, ooo, ooo...
