

# Be Honest

Jorja Smith

I know you want me  
Everyday, not only when you're lonely, yeah  
You see you think you know me  
But you don't even know nothing about me, yeah

You see my thick thighs  
Lost when you look into my brown eyes  
See my little waist can make you switch sides  
You never know the devil in a disguise  
So why don't you stand up baby and

Tell me, tell me, tell me  
do you want me on top?  
So let me show you, show you, show you  
I don't need to back it up  
Don't wanna hold you, mould you, scold you  
Split you in half with my heart  
I just wanna love on you, trust in you, honour you  
Please do the same on your part

Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience

Take time  
You no say I run whenever I see bad man  
Before you come my way make sure you think twice  
Look into my eyes but I can never see ice  
I can point a gun but you know I could never lie  
Come through  
I can show you something you can run to  
When I'm finished you'll be feeling brand new  
Will never be somebody you can run through

And I can put that on my life  
One time, no cap, big vibes  
Slow down, catch feels, get high  
If you make your bed then you can lie  
Just please don't waste my time

Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience

People they talk dem ah gisting  
But the way your body twisting  
Make me lose control inna dis ting, boy

And it's all because I'm thinking of us  
Don't go throw me under the bus  
Under a spell, I'm under your love  
I don't know why nobody want me

Me say my baby, no they do me bad  
Put your hand inside my goody bag  
If I do you bad, I beg you make you no do me bad  
Give me one time, one try, be mine, this time  
Take time, same time, make we no they waste time  
Girl I'll never lie, you already know I'll be honest

Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience

Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience  
Be honest (Be honest)  
You want this (You want this)  
But I can be heartless  
Regardless of my conscience
