

# Little Things

Jorja Smith

I didn't know that you'd be here tonight  
Saw you again, think this must be a sign  
Nothing you said, it was all in your eyes, oh  
Can I get close, even for just one time?

It's the little things that get me high  
Won't you come with me and spend the night?  
Just a little thing for you and I  
And if it's meant to be, then, that's alright  
It's the little things that get me high  
Won't you come with me and spend the night?  
Just a little thing for you and I  
And if it's meant to be, then, that's alright

With you, it's such a sweet escape  
So, if we leave, will anybody notice?  
If you don't want to play these games  
Just tell me what you need and we can go there

Only here for the weekend  
I've just stepped out with my friends  
Don't tell me that you're leaving  
Think I came at the right time  
Do you know what's on my mind?  
Can you stay for the evening?

It's the little things that get me high  
Won't you come with me and spend the night?  
Just a little thing for you and I  
And if it's meant to be, then, that's alright  
It's the little things that get me high  
Won't you come with me and spend the night?  
Just a little thing for you and I  
And if it's meant to be, then, that's alright

Just the little things that get me high and keep me going  
Just a little bit of you and I, nobody knows it  
Just a little things for you and I  
Just a little bit of you and I, nobody knows it  
Just the little things that get me high and keep me going  
Just a little bit of you and I, nobody knows it  
Just the little things that get me high and keep me going  
Just a little bit of you and I, nobody knows it
