

## Make Sense

Jorja Smith

I'm just tryna make sense of this  
Wasn't waiting for something else that I could fall for  
I wasn't wishing for a love like this, no  
You're opening up for me so I can

Funny how it happens when the rain falls  
Rains outside  
And it never would have happened if I stayed in  
On this night  
If you only wanna walk when the sun's up  
You will never know what burns  
Only gonna happen when the rain's done  
Never know what you'll find  
A home in you, I've found  
A home in you, I've found

Why I couldn't make sense of this is  
'Cause a love like this is nothing I have known before  
I've known nothing but sink or swim  
And you're holding me up  
So I

Funny how it happens when the rain falls  
Rains outside  
And it never would have happened if I stayed in  
On this night  
If you only wanna walk when the sun's up  
You will never really know what burns  
Only gonna happen when the rain's done  
Never know what you'll find  
A home in you, I've found  
A home in you, I've found

Funny how it happens when the rain falls  
Rains outside  
And it never would have happened if I stayed in  
On this night  
If you only wanna walk when the sun's up  
You will never know what burns  
Only gonna happen when the rain's done  
Never know what you'll find
