

Lonely Is The Word / Letters From Earth

Jorn

It's a long way to nowhere
And I'm leaving very soon
On the way we pass so close
To the back side of the moon
Hey join the traveler if you got nowhere to go
Hang your head and take my hand
It's the only road I know
Oh! Lonely is the word, yeah yeah yeah!
I've been higher than stardust
I've been seen upon the sun
I used to count in millions then
But now I only count in one
Come on, join the traveler
If you got nowhere to go
Hang your head and take my hand
It's the only road I know
Yeah, Lonely is the word
Got to be the saddest song I ever heard
Yeah!

Well it's a cold world
And I'm in the middle
Caught in the in-between
I don't belong here
So I'm writing to you
It's wrong here
Where I'm sending you some
Letters from earth, yeah

Well it's a new world
And now I'm a stranger
Stranger than you know
I don't belong here
And I'm writing to you
With blood on my hands

What if I send you madness
What if I send you pain
And letters from earth, ooh
All right

Come on it's another game
But you gotta play on
Cause they say it's just pretend
Ask them why they say you'll never, never die
Come on - the game is called the end

Yeah, Lonely is the word
Got to be the saddest song
Got to be the saddest song
Got to be the saddest song I ever heard

It's the sign
feels like the time!

Look out, the sky is falling down
Look out, the world is spinning round and round and

round

Look out, the sun is going black, black

Look out, it's never never never coming back

Look out!
