

## My own way

Jorn

There is no one here to ask  
No one here will guide  
And show me where to go  
Who am I to know?

Too many crossroads in my way  
Too many unanswered questions left  
I can't remember how I came here

But I won't lose my faith  
I never have, I never will  
I won't give up I'm gonna find my own way home  
But I won't lose my faith  
I never have, I never will  
I won't give up I need to find my own way home

Many days and nights have passed  
Many miles I walked in vain  
the world is silent here  
I can only hear my heartbeat

There is no life inside  
No sound of hope  
And it seems so far right now  
To my horizon

But I won't lose my faith  
I never have, I never will  
I won't give up, I'm gonna find my own way home  
But I won't lose my faith  
I never have, I never will  
I can't give up, I'm gonna find my own way home

Journey without a land  
I'm reaching for the world  
I travel over unknown lands  
As I cry inside my lonely soul

But I won't lose my faith  
I never have, I never will  
I won't give up, I'm gonna find my own way home  
But I won't lose my faith  
I never have, I never will  
I never stop until I find my own way home  
Find my own way home  
Find my own way home

But I won't lose my faith and never will  
I won't give hope  
I'm gonna  
Find my way back home  
Find my own way home
