

# Straight Through The Heart

Jorn

Hanging from the cobwebs in you mind  
It looks like a long, long way to fall  
No one ever told me life was kind  
I guess I never heard it, I never heard it all

Living in a world of make believe  
I can hide behind what's real  
But wearing your emotions on your sleeve  
And they all know what you feel

And here it comes again  
Straight through the heart  
Straight through the heart

Oh, never tell a secret with your eyes  
It's the eyes that let you down  
Tell a little truth with many lies  
It's the only way I've found

Oh, here it comes again  
Straight through the heart  
Straight through the heart

Shout to the wind: How can you hurt me this way?  
Oh, once it begins; it looks like it's coming to stay

Hanging from the cobwebs in your mind  
It looks like a long, long way to fall  
No one ever told me life was kind  
I guess I never heard it, never heard it all, no!

But here it comes again  
Straight through the heart  
Straight through the heart  
Straight through the heart

Here it comes again  
Straight through the heart  
In the middle of the heart  
Now don't stand still  
They'll get you right through your heart  
And here it comes, here it comes again  
Straight through the heart
