It's Guapo, I got girls going wild again
Gucci belts, Louis scarf, that's what I'm styling in
Do 20 large in the Gucci store, I'm tricking off
All of my ladies in the building need to take it off
I'm taking off
I'm outta here
I'm only 17 balling like a Cavalier
Stick your tongue out, girl, get freaky with it
And we ain't gotta tell, we can be sneaky with it
Now, you a bad chick so go ahead and do your thing
You gotta do your thing for me to make it rain
For me to make it rain, girl, it's nothing
Now, let me see it, let me see you start bussing
Don't play

Buss it, buss it
Buss it, buss it
Buss it, buss it
Now, all my freaky girlies go
Buss it, buss it
Buss it, buss it
Buss it, buss it
Now, all my pretty girlies-
Now, don't you play with me
Now, don't you play with me
Now, don't you play with me
You better not play with me
Now, don't you play with me
Now, don't you play with me
Now, don't you play with me
You better not play with me
