

Compete

Jose Guapo

Even though a nigga win, they tryna count us out
Even though I'm worth a mill, they tryna count us out
They say me play for keeps, all these weird ass niggas
I don't fuck with you creeps, a Xans and Perc, I'm coping damn, my cycle complete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
They don't want it with me, no

I feel like Stevie Wonder cause I can't see these niggas
These niggas Stevie Wanna cause they can't see me nigga
All I spit is ether, I fired up the reefer
I might find a Puerto Rican with her mama cita
I come from the trap, now sold out shows
Perform in front of 50 thousand like the Super Bowl
Picking rings looking like I wanna super bowl
Real nigga, I ain't never told or never fold
And you can put my back against the wall nigga
I bet I come out standing tall nigga
I'mma shit on all y'all niggas
I'mma shit on all y'all niggas

Even though a nigga win, they tryna count us out
Even though I'm worth a mill, they tryna count us out
They say me play for keeps, all these weird ass niggas
I don't fuck with you creeps, a Xans and Perc, I'm coping damn, my cycle complete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
They don't want it with me, no

Spent 200 on that new Wraith
Said nigga get out my way
Tell these bitches come my way
Tell these bitches swing my way
I rock Tom Ford and I pop molly
I pop 5 Xans then forget about it
These niggas rude dudes, these niggas nobodies
These niggas said they shoot
But ain't got no bodies
I ain't gon' stand in line, don't need no code sign
They showing no love when it's my time
A bitch get out of line, I put her in her place
A bitch get out of line, she get slapped in the face

Even though a nigga win, they tryna count us out
Even though I'm worth a mill, they tryna count us out
They say me play for keeps, all these weird ass niggas
I don't fuck with you creeps, a Xans and Perc, I'm coping damn, my cycle complete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
I swear these fuck niggas, they don't wanna compete
They don't want it with me, no
