Yeah, [?] nothing but some pretty hoes
I can pick through my contacts, eenie-miney-mo
You never know who Guapo texting on the low
See Keisha go to clubs, I text her in the morning
She keep her phone on vibrate cuz she got a boyfriend
She say he insecure and that shit's annoying
But she still fuck with my pimpin like he not important

It is what it is
Straight like that
She hit my phone
Imma hit back
She out of mind
But we text on the low

Ain't nobody gotta know
And I'm texting her phone
Early in the morning, girl, come get me some
I sure hope that her man ain't home
And if he is I hope that he ain't bout firing
He won't fire

Cuz I be texting her phone
Texting her phone

Late night from the club so I ordered me some Waffle House
Hit her up with a text just to see what she talking bout
I know she bout that life, so you know it's going down tonight
I'm only in your town tonight
I hope your man ain't round tonight
And I know what she gone do
It don't matter what he say she gone do what she want to
