

# Feels so Good

José James

Baby, you've got the magic thing  
You're moving your body right across the floor  
Something about you, baby  
Don't stop the music  
Baby, keep on dancing  
'Til the break of dawn

Dance the night away and hold me close  
Baby, don't let go  
Dj, play my song  
Until the early morning  
Nothing you won't do for love  
Whatever I'll ever do to have this woman in my life

Feels so good to know  
Feels so good to feel  
Feels so good to touch you  
Show you I'm for real  
All my life I waited for your love

Baby, you've got the rhythm in you  
Expecting your body to ride across the floor  
Just something about you, baby  
Don't stop the grooving  
Baby, keep on dancing  
'Til the break of dawn

Dance the night away and hold me close

Baby, don't let go  
Dj, play my song  
Until the early morning  
Nothing you won't do for love  
Whatever I'll ever do to have this woman in my life

Feels so good to know  
Feels so good to feel  
Feels so good to touch you  
Show you I'm for real  
All my life I waited for your love

Feels so good to know  
Feels so good to feel  
Feels so good to touch you  
Show you I'm for real  
All my life I waited for your love

Baby, you've got the magic touch  
Baby, you've got the magic thing  
(All my life)  
(All my life)  
(I've been loving you)

Feels so good to know  
Feels so good to feel  
Feels so good to touch you  
Show you I'm for real

All my life I waited for your love
