

## Sword + Gun

José James

lay down  
your sword + gun

lay down  
your soldier's arms

got to make it right  
all we've done

is to war + fight  
on + on

lay down  
your sword + gun

lay down  
your soldier's arms

you don't want to die  
so far from home

but to take a life  
destroys your soul

precious life  
precious life  
precious life

lay down your swords + guns now  
lay down your swords + guns now

lay down your swords + guns now  
lay down your swords + guns now

(repeat)

precious life  
precious lights are on

precious life  
+ precious lights are on
