

# U R The 1

José James

You are the sound of my heart beating  
I'll be waiting there  
You are the love inside of everything  
I'll be EVERYWHERE!  
Now is the time when men can have their grace,  
And now is the time when men can learn  
The love is the COLOR of your face  
The beautiful gift that you'll return

Place in my heart baby  
Place in my heart baby  
Place in my heart baby  
Place in my heart

You are the soul of lover gentle kiss  
Bring yourself to me!  
You are the taste I've never knew I missed,  
Your touch makes me complete  
Now is the time for lovers to embrace,  
And now is time when bodies burn  
With only DESIRE we're longing for to taste  
In darkness WE WAIT for lust return

Place in my heart baby  
Place in my heart baby  
Place in my heart baby  
Place in my heart

We're alone, lights alone  
The lighter is in your face  
Making love, make a state  
Tonight I'm gonna be about YOU baby

I move my hand upon your head,  
Later open up to me  
Let me give you what you need, baby  
LET ME SET  
YOUR BODY FREE

We're alone, lights alone  
The lighter is in your face  
Making love, make a state  
Tonight I'm gonna be about YOU baby

Place in my heart baby  
Place in my heart baby
