

Happy

Josef Salvat

I don't blame you for anything
But in the silence a question rings

Lying in my bed at night
A hurricane growing inside my head, yeah
Waiting for it to arrive
I play with what it would be like to cut and run

If this is what you wanted, are you happy?
Are you happy now?
If this is what you wanted, are you happy?
Are you happy now?

Speaking in circles, days into years
Fragile and hopeful, and full of fear

Walking on my own at night
A hurricane growing inside my head, yeah
Waiting for it to arrive
I play with what it would be like to cut and run

If this is what you wanted, are you happy?
Are you happy now?
If this is what you wanted, are you happy?
Are you happy now?

'Cause I'm not sure I am
I'm not sure I am
I'm not sure I am
I'm not sure I am

Is that what you want?
A life without love?
Is that what you want? Eh-yeah
Eh-yeah
Is that what you want?
A life without love?
Is that what you want? Eh-yeah
Eh-yeah

If this is what you wanted, are you happy?
Are you happy now?
If this is what you wanted, are you happy?
Are you happy now?

'Cause I'm not sure yet
I'm not sure yet
I'm not sure yet

I'm not sure yet
