

In The Audience

Josef Salvat

I came for the attractions
I came here for the lights
Oh, I don't know if I came for all the right reasons
But what's done is done now we can't turn back time

You came here for direction
You came here out of love
And I am seconds away from making this decision
And I am wishing you'd stay put where we grew up
Cause losing you will be the hardest thing that I'll ever do

You're in the audience
You're in the audience tonight
And I'm singing about you
Yes, I'm singing about our life
I know it's not the best way
But it's the only way I know how
To find the courage to explain to you
That this whole thing's going south with you in the audience

I can see the storm approaching
I've tried to stop it but I can't
Even though you're as constant as you always have been
But it's just no good against this tides we're miles apart

And losing you will be the hardest thing that I'll ever do

You're in the audience
You're in the audience tonight
And I'm singing about you
Yes, I'm singing about our life
I know it's not the best way
But it's the only way I know how
To find the courage to explain to you
That this whole thing's going south with you in the audience

Do you actually think that I'm making it all up?
I'm not smart enough for that, no
Oh, I'm writing about our love
And I'm writing about our strife
And I'm writing about my wondering eyes
I'm writing about our life

You're in the audience
You're in the audience tonight
And I'm singing about you
Yes, I'm singing about our life
I know it's not the best way
But it's the only way I know how
To find the courage to explain to you
That this whole thing's going south with you in the audience
In the audience
In the audience
