

Buy a Bag

Joseph Arthur

She won't hesitate to take me to Denver or to pay for my man made

Wanna buy a bag

I pay like everybody else

She wears a nightgown in front of you

Shows you a nipple or that's just what I see

Wanna buy a bag

I pay like everybody else

All of the makers are comatose

All the makers make the most

And when they buy their bags they pay like anybody else

All of the daughters are having fun

They spend all their evenings looking for guns

And when they buy their bags they pay like anybody else

It's okay to have fun with your mind

Hang onto anything decent you find

'Cause when you buy your bag you pay like everybody else

I've been alone for a very long time

Take care of yours 'cause I take care of mine

If I certainly leave you'll pay like everybody
