

# Eyes On My Back

Joseph Arthur

I wish I had  
Open eyes  
On my back  
So I could see

My life  
Going past  
Seems when  
It's good

Everything  
Goes to fast  
And when it's gone  
You can never  
Get it back

Try and take a picture  
Through a dirty window  
Try to touch your shadow  
Fading when you follow

I been alone  
For so long  
It's hard to track  
Down in a hole

No one knows  
In the black  
I know that soon  
All the dogs

Will attack  
I wish I had  
Open eyes  
On my back
