## **Eyes On My Back**

## Joseph Arthur

I wish I had
Open eyes
On my back
So I could see

My life
Going past
Seems when
It's good

Everything
Goes to fast
And when it's gone
You can never
Get it back

Try and take a picture Through a dirty window Try to touch your shadow Fading when you follow

I been alone
For so long
It's hard to track
Down in a hole

No one knows
In the black
I know that soon
All the dogs

Will attack I wish I had Open eyes On my back
