

Heavy Bullets

Joseph Arthur

Hey man, there's a revolution over here
I feel heavy bullets flying through the air

We can fly high together
'Cause I know that you could never be
Less than free

You know I will try to be here if you come
I trust you will be behind me if I fall

We can fly high together
'Cause I know that you could never be
Less than free

Hey man, there's a revolution over here
I feel heavy bullets flying through the air

We can fly high together
'Cause I know that you could never be
Less and free
