

Shake It Off

Joseph Arthur

Shake it off
Shake it off
Shake it off
I can barely hear you talk

Shake it off
I can barely(/nearly/really) hear you walk
Shake it off
I can barely(/nearly/really) hear you walk

Take it down
One time
In my mind
It's blind
If I find
The time to rewind

Take it down
In my mind
One time
It's blind
I wish I could find
The time to rewind

Shake it off
Shake it off
Shake it off
There really ain't no/that much to say or talk

Shake it off
Shake it off
Shake it off
There really ain't much to say or talk

Shake it off
Shake it off
Shake it off
There really ain't that much to say or talk
